

OPEN SEASON HEALTH BENEFITS FAIR

Total Force Strategy and Management Department (TFSMD) will sponsor an Open Season Health Benefits Fair. Representatives from several benefits carriers will be available to answer your questions.

The Health Benefits Open Season begins Monday, 11 November through Monday, 9 December 2013.

If you have decided NOT to make a change in your health benefits, nothing is required from you and your insurance will continue without interruption. However, if you decide to make a change, you will need to do so through the Employee Benefits Information System (EBIS) on the internet: <https://www.donhr.navy.mil>. Hover over the "Benefits" tab then click on "EBIS".

In addition to medical, dental, and vision coverage, Flexible Spending Accounts (FSA) are also included in open season. You must choose to enroll each year. Your participation will not automatically carry over from year-to-year. A FSA is an employee benefit program that allows you to set aside money, on a pre-tax basis, for certain health care and dependent care expenses.

For more information, please phone (301) 342-4032.
